Thank you for joining Pontis Nicaragua in our walk with the poor in Latin America. Your support will:

- * develop four model farms and training centers across Nicaragua
- * grow a Nicaraguan staff of agronomists, teachers and business trainers
- * educate farmers on sustainable, less chemical-dependent, environmentally responsible farming methods.
- * help small farmers plant diverse crops that produce dependable income.
- * train farmers to be business people who budget, save and give.
- * grow farm families to live balanced, joyous lives of hope.
- * provide tools, such as education, that are shared with new generations.
- * build bridges from rural poverty to fuller lives.
